Manifold Books No.1

*Intervall, Grund*

Maartje Fliervoet

December 3, 2015 – March 12, 2016

Opening: Dec. 2, 5-7 pm

*Intervall, Grund* is an exhibition fully ‘condensed’ to one wall.

Placed among art works are laser prints with images and text from my personal archive offering context. Each series of works is installed according to a given set of intervalls, or spatial horizontal rhythm, while being vertically accompanied by the contextualising images and text. Together, source material and art works have become fully intertwined.
